

Just Leave Me Alone Lyrics - MLM

Lately I've realised I'm not the perfect son,
Not that I've ever been, but you know what I mean,
I think my parents know where it comes from, ain' t a excuse to act angry and dumb
I know they want to give me all the help I want, but that is part of the problem,
Nothing that works, everything hurts,
That is the reason for this song
I don' t mean to be mean, I don't want to be rude, but look
Have someone I love, sneak up to my room, want to catch me off guard?
I do not know, but if so, don't knock on my door
One second enough to put on my mask, act happy like everything is fine and just laugh
Don't try this again, youre making me mad,
Somebody's nose is about to be cracked!

Just leave me alone! Leave me alone,
Please, just leave me alone!
I can' t take this anymore, leave me alone
Just leave me alone!
I'm not in the zone, talking about the problems with you guys is just breaking me more and more,
Yeah, slowly everything is getting worse and worse, what is this curse that hurts?
Just leave me alone, yeah leave me alone
JUST LEAVE ME ALONE! (whoo)
Yeah, leave me alone (nahh)
Yeah leave me alone, just leave me alone! Leave me alone,
Yeah I wanna be left alone, what is the problem, just leave me alone

I know it's aggressive, I know my aggression is getting the better of me when I'm rapping,
This ain' t only to people but also to the voices that won't shut up, in my mind,
Plese let me be King, making my thoughts sing, supportive messages till it brings,
Me in a happy place, but sadly enough I'm not in that phase, end of the case
Still stuck in the beginning,

Where I am convinced that I would be winning,
All I have to do is listen to the voices they will help me bring in all the results,
But now I am thinking, they've been lying to me and now I am sinking
Hoping they left me for dead, running away,
But too bad, they stayed, you're company is something I won't be missing,

Just leave me alone! Leave me alone,
Please, just leave me alone!
I can't take this anymore, leave me alone
Just leave me alone!

I'm not in the zone, talking about the problems with you guys is just breaking me more and more,
Yeah, slowly everything is getting worse and worse, what is this curse that hurts?
Just leave me alone, yeah leave me alone
JUST LEAVE ME ALONE! (whoo)
Yeah, leave me alone (nahh)
Yeah leave me alone, just leave me alone! Leave me alone,
Yeah I wanna be left alone

Normally I go quick, but this time I'm sick (for real)
Of repeating my feelings, don't get me wrong
I'm loving my friends, won't need to say that again (yeah)
And honestly I don't expect you guys to understand a word that I meant
