

Stressed Lyrics - MLM

Yeah it's one of those evenings,
Amn I don't know what to be believing in
I don't to be sealing me, not allowed to be dealing with everything inside of my head
Can please someone start teaching me, how to find yourself back
Oh I see you looking at me, are you feeling that
Not just lost and alone, but feeling whack
Waking up in the middle of the night I'd be like HEY
What's going on, I know I'm stressed, I'm already out of bed,
I look at my consciousness, it shakes his head and he says

I'm not the reason you keep having these panic attacks,
Are stressing again, can't go to a friend, why do you think I'm upset
Have this fantasy that I'm not a last man stand,
Like this is the last time I'll actually try
Last time I'll actually fight back
Last time I'll actually bite back
Who do I stress
I know I'm convinced that I'm less
But does that have to mean I'm such a mess
It's like I'm 24/7 stressed
I can feel it burning inside of my chest
Please, for once just leave me alone and give me some rest
Yeah, give me some rest

I'm laying down on the ground, not making a sound
Hoping I'll never be found
I'm breaking partly because of the doubt
No I'm not faking, trying to say it out loud
But it's taking everything not got lost in the cloud, yeah
I'm barely functioning, but at the same time I'd be studying,

Even though that doesn't make sense cause I keep on stumbling,
On the same hurdle I always keep crumbling,
It's like I'm young again and keep on mumbering,
I just want to be humble man,
And wish I knew what my consciousness meant by

I'm not the reason you keep having these panic attacks,
Are stressing again, can't go to a friend, why do you think I'm upset
Have this fantasy that I'm not a last man stand,
Like this is the last time I'll actually try
Last time I'll actually fight back
Last time I'll actually bite back
Who do I stress
I know I'm convinced that I'm less
But does that have to mean I'm such a mess
It's like I'm 24/7 stressed
I can feel it burning inside of my chest
Please, for once just leave me alone and give me some rest
Yeah, give me some rest
